Find **hope** in
the wilderness
of addiction.

**A journey never
meant to be
taken alone**

Recovery in the context of real life

Unbound Grace is a recovery ministry guiding men and women out of the wilderness of alcohol and substance addiction and into the garden of God's flourishing life.

Our Vision

To see men and women find freedom from unhealthy substance or alcohol use and experience spiritual health through relationship with Christ and others.

What we do

Counseling

We are devoted to coming alongside individuals, couples, and families fighting addiction in their homes. Our counseling services* offer a safe place to fight addiction, heal from its wounds, and find hope in the power of the Gospel.

**All services provided at NO COST to our clients.*

Discipleship

God's Word provides the path to freedom. We invite others to His path. Our 12-week "PATH" discipleship program pairs mentors with individuals on a recovery journey. Our "Guides" engages with real people, fighting to live in recovery on a daily basis. Life-on-life relationships are being forged. Lives are being changed.

Community

Recovery never happens in isolation. We offer community support for individuals struggling with addiction and their loved ones through support groups. Grow deep roots with others on the road to recovery through our support groups. Come join us. All are welcome!

Why a recovery ministry?

Unbound Grace exists to bridge the gap between clinical recovery and everyday life. We offer recovery in the context of real life. As an arm of the Church, we also come alongside local Shepherds to assist and equip them to do work in historically uncharted territory.
